# INSTRUCTIONS FOR USE OF CLIMBING AID ON HOOKS - TAIL SYSTEM

## 1. Step

Aligning the box (image: marked part of free fall towards side of high wire)

## 2. Step

Take the free fall which is shaped as an 8

## 3. Step

Guide the 8 out of the box (note: right position to the high wire)

## 4. Step

Drop the free fall (8)

## 5. Step

Remove the hooks out of the box (like on the image)

## 6. Step

Hang the hook on the high wire
